

Before buying: Check the
Digital Product Passport

DPP

Scan it using your
mobile phone

That's it! A **page with information** about the product will open

- Product description
- Composition
- Care instructions
- Eco-Label
- Recycling content
- Consumer safety
- Environmental impact
- (*)

Look for the
QR code or other
data carrier

Why is this
passport **useful**
for you?

You can choose better.
You can see if the
product is safe for
you, for children and
for the planet.

(*)-Note: The final information to be included in the Digital Product Passport for textile products will be defined in the relevant sectorial delegated act.
